

DM6 Lite Questions and Answers

Question: What is DM6 Lite

Answer: DM6 Lite is an Internet based notes & labels system. The screens are easy to use and the benefits will make you wonder why you didn't use it before.

Question: Is DM6 Lite available to me?

Answer: Yes it is, and even better, it's **FREE**

Question: Do I need special software or printer to use it?

Answer: All you need is a computer that obviously is able to connect to the Internet and have a printer capable of printing Avery labels. Example: Laser/DeskJet printer. Adobe is also required, but this can be downloaded free from the Internet or our website.

Question: How do it go about getting DM6 Lite?

Answer: Simply register on the Nightfreight website (www.nightfreight.co.uk) then contact the Nightfreight IT Support Department to activate your own password protected screens.

Question: What are the benefits of using DM6 Lite

Answer: Many and varied:-

- An inbuilt database for your use
- Consignment History Report
- No End Of Day disks which get broken or fail
- Eliminates the use of pre printed and hand written consignment notes
- A report that is used as a manifest. You print 2 copies (1 for Nightfreight driver)
- Enter consignment information and submit, that information then transferred live immediately onto Nightfreights computer system, so we know throughout the day that your freight is heading our way.
- The ability to add to/amend/delete existing consignments at any point throughout the day.
- The ability to book in consignments
- Label printing option: 4 labels appear on screen, you can choose which label to start the printing on. This eliminates wasted labels.
- No Post Code Updates. The Nightfreight IT Dept performs these automatically.

Question: Are there other 'Online' features available to me?

Answer: Yes, why not use our **FREE**

- Online POD tracking facilities
- Online CF/CT Entry facilities

If you would like any further information about DM6 Lite or any of our other 'Online' facilities, please contact the Nightfreight IT Support Department on 0151 649 0011
